THE ARTIST

Familiar songs. A personal touch.

Jayce Walsh is a Pittsburgh-rooted singer, guitarist and bassist currently based in Nashville. His solo acoustic shows connect classic rock, country and crowd favorites, moving easily from the Beatles, Eagles and Tom Petty to Chris Stapleton and Luke Combs. Jayce brings years of live experience to bars, restaurants, weddings and private events, alongside guitar and vocals with Novus and bass with The Kuffs. His broad catalog and ability to take requests let him shape the set to the room. Backed by an online audience of more than 400,000, he pairs the instincts of a working musician with the presence of a seasoned creator.
